PROPERTY DESCRIPTION

Newly conceptualized living comfort! Contemporary and internationally focused concept living that combines remote working, living, wellness and entertainment in one of the city's most popular neighborhoods. Multiple community spaces such as lobby, coffee lounge, gym, community kitchen, library, co-working areas, a rooftop terrace and neighborhood-situated supermarket, give a new definition to the living experience. In addition, events are regularly held exclusively for HAVENS residents: Movie nights, cocktail evenings and other joint activities that get neighbors talking, create opportunities for exchange and strengthen the HAVENS sense of community.

THE NEIGHBORHOOD

Culture, dining, leisure: Altona is one of the most attractive and multifaceted residential areas in Hamburg. Whether on the Altona Balcony with a view of the Elbe River or walking along the harbor - Altona feels like a vacation. After work, cafés and restaurants as well as numerous cultural and leisure facilities attract people to the lively and open-minded neighborhood.
